LIVERPOOL AND DISTRICT HOSPITAL FOR DISEASES OF THE HEART.

OFFICERS AND COUNCIL :

President : THE LORD MAYOR.

Vice-President :

RT. HON. VISCOUNT LEVERHULME, D.L., J.P.

Chairman : MAURICE STERN, Esq.

Vice-Chairmen :

W. G. TWEMLOW, Esq.

A. P. BEVAN, Esq.

Hon. Treasurer : JAMES HENDERSON, Esq.,
26 North John Street.

Council :

OTIS D. BLACK, Esq.

CHARLES G. MACK, Esq.

PETER S. BOULT, Esq., M.C.

K. H. MACKENZIE, Esq.

PERCY F. CORKHILL, Esq., C.B.E.

A. E. D. MITCHELL, Esq.

T. C. LITLER JONES, Esq., F.R.C.S.

HAROLD D. SMITH, Esq.

PROF. F. J. TEAGO, D.Sc., M.I.E.E.

Together with some members of the Medical Staff.

Representing Merseyside Hospitals Council :

J. RUTHERFORD LINDSAY, Esq., LL.B., B. Com.

Ladies' Committee :

MRS. HEYDER (*President*).

MRS. SWIFT (*Vice-President*).

MRS. J. T. FITZPATRICK.

MISS H. C. KEWLEY.

MISS E. C. HERDMAN.

Hon. Auditors : MESSRS. WILSON, DE ZOUCHE & MACKENZIE.

*Secretary :—*MISS LEWIS.

MEDICAL OFFICERS.

Honorary Consulting Surgeons :

MR. F. T. PAUL, F.R.C.S.Eng., L.R.C.P.London, L.S.A.London,
D.Sc., M.Ch.Liverpool.

MR. W. R. WILLIAMS, F.R.C.S.Eng. & Edin., M.D., Ch.B.Liver-
pool, L.R.C.P. London.

Honorary Consulting Gynæcologist :

PROFESSOR A. LEYLAND ROBINSON, M.D.London, F.R.C.S.
Eng., L.R.C.P.London.

Honorary Consulting Ophthalmic Surgeon :

MR. F. C. PLUMMER, M.D., Ch.B.Liverpool.

Honorary Consulting Laryngologist :

MR. JOHN McFARLAND, M.D., Ch.B.Liverpool, D.P.M., D.L.O.

Honorary Physician :

DR. I. HARRIS, M.D., L.R.C.P.

Honorary Assistant Physician :

DR. G. RONALD ELLIS, M.A., M.D.Cantab, M.R.C.S.,
M.R.C.P.Lond.

Honorary Consulting Radiologist :

DR. R. E. ROBERTS, M.D., B.Sc., D.P.H., D.M.R.E.

Honorary Radiologist :

DR. E. L. RUBIN, M.D., M.R.C.S., D.M.R.E.

Honorary Dental Surgeon :

MR. BASIL CLOTHIER, L.D.S.

Honorary Consultant for Physical Chemistry :

MR. W. J. SHUTT, M.Sc.

Dispenser :

MISS MARION RUSHTON, M.P.S.

Clinical Assistants :

DR. A. G. HAWTHORN ENGLISH, M.B., B.S. (Lond.), M.R.C.S.
L.R.C.P. (Eng.).

DR. M. A. L. HERBERTSON, M.B., Ch.B.

DR. A. MACLAINE, M.B., Ch.B.

Matron :

MISS B. GRIMSHAW.

Chaplain :

CANON A. L. J. SHIELDS.

TIME TABLE.

OUT-PATIENTS.

1-30 p.m. daily, except Saturday and Sunday.

VISITING DAYS.

WEDNESDAY 5-30—7 p.m.

SUNDAY 2—4 p.m.

PRIVATE WARDS

are available for patients requiring them.

Applications to be made to the Matron, Miss B. Grimshaw,
at the Hospital.

LINEN LEAGUE.

President:

MRS. HEYDER.

Associates :

MR. BOLLANS.	MR. KELLITT.
MRS. BRAUN.	MISS H. C. KEWLEY.
MISS BUSH.	MRS. LEVIN.
MRS. CHEESEWRIGHT.	MRS. C. LEVY.
MRS. ASHER COWAN.	MISS J. LEWIS.

Mrs. Heyder, Brucklay House, Mossley Hill, will welcome new Members to the Linen League.

THIRTEENTH ANNUAL REPORT.

The Council have pleasure in presenting their Thirteenth Annual Report.

During the year 1938 the work has gone on steadily. More patients were admitted than in previous years, including private patients. The average number of days each patient is resident is higher than in most hospitals—last year it was 41.37. More out-patients came last year than in 1937, though they made fewer attendances. The figures appear on pages 26 and 27.

We wish to tender our very cordial thanks to all subscribers and donors, to express gratitude to those who have supported the work from its commencement, and to welcome new helpers.

Especially would we place on record our thanks to the Branch Hospital Fund of the British American Tobacco Co. Ltd., from whom we received at the beginning of the year £72, and at the end £10 10s. To Messrs. J. Bibby & Sons Ltd., £50 ; Mrs. Heyder, £50 ; Trustees of West Derby Waste Lands, £50 ; Prudential Assurance Co., for the support of two cots, £50 ; the Green Room Amateur Dramatic Society, who gave a performance of "Housemaster" in aid of the Hospital, which brought in £100.

We have also to record our thanks to the Trustees of the late Mr. A. B. Earle for £250 and to the James Henry Stephens Bequest for £50.

The Linen League, under the presidency of Mrs. Heyder, has rendered valuable assistance to the Hospital during the year. As a result of an American Tea, held under the auspices of the Jewish Women's Personal Service Society, the sum of £20 was allocated to our Hospital ; this was handed over to the Linen League.

Our thanks are due to Canon A. L. J. Shields, Chaplain, for his visits to the patients ; also to Father Fanning, and other ministers of religion.

At the end of the year the Council sustained a loss by the retirement of Mr. Shepherd Eastwood from the Joint Honorary Treasurership. Mr. Eastwood has taken a leading part in the work of the Hospital since its inception. He became Honorary Treasurer in 1934, and since 1936 was assisted by Mr. Henderson as Joint Treasurer. Though Mr. Eastwood's health has not permitted him to continue in office as a Treasurer, he still remains a member of the Council. We wish to place on record our high appreciation of the many services Mr. Eastwood has rendered to the Hospital, and to express the hope that he may soon be restored to health.

This year has been a year of crisis for the Hospital. All available assets have been utilised, and the future is causing the Council the greatest anxiety.

In view of the work we are performing for all sections of the community, and our record in research, the closing of the Hospital would be a calamity. From all over England and Scotland, private patients have come to us for treatment for high blood pressure, and among them many medical men. Our research workers have given their services freely, and the public have the advantage of our discoveries ; but the Hospital which has done so much to help suffering humanity, and which is known throughout the world in medical circles, is in danger of being submerged, unless further help is obtained at once.

Our research work has been made possible by the generosity of Lord Leverhulme and others, but the Hospital itself is dependent upon donations and subscriptions and the payments from the Id in the £ Fund ; and in spite of the fact that there has been a substantial contribution from private patients, we are faced with an annual deficit of between £500 and £800.

We appeal most earnestly for donations and annual subscriptions. The need is urgent, and if we are to survive, help must come at once.

ANNUAL MEETING.

The Thirteenth Annual Meeting of the Liverpool and District Hospital for Diseases of the Heart was held at the Town Hall, on Monday, 26th June, 1939. The Lord Mayor (Alderman Sir Sydney Jones, J.P., President of the Hospital) presided, and among those present were :—Mr. Maurice Stern (Chairman), Mr. W. G. Twemlow (Vice-Chairman), Mr. James Henderson (Hon. Treasurer), Dr. I. Harris (Hon. Physician), Professor Roaf, Dr. J. McBirnie, Mr. Harold D. Smith, Mr. Alan Stern and Mr. Herbert W. Bowler.

Minutes of the previous meeting, printed in the Annual Report for 1937, were taken as read and confirmed.

Apologies for absence were received from Lord Leverhulme, Canon Shields, Mr. Walter Yates, Dr. R. E. Roberts, Mr. Bevan, Mr. Black, Mr. Rutherford Lindsay and Mr. A. E. D. Mitchell.

Mr. Maurice Stern read the Annual Report for 1938 (which will be found on page 7).

The Lord Mayor, in moving the adoption of the Report, referred to the very excellent work being done in the Hospital and by the Research Department. The latter was being incorporated as a separate entity. It was the case of all hospitals—all were in financial difficulties—and the question was how to get new subscribers. He hoped new friends would be found to take the place of those who had died and to enable the Council to carry on with courage. He had visited the Hospital recently and his cardiograph had been taken—a most excellent document.

Mr. Twemlow seconded, and expressed the hope that the Lord Mayor's words would be passed on to the public through the press. The Hospital was founded some thirteen years ago, because it was felt the general hospitals could not

provide beds for heart cases requiring prolonged treatment. It would be observed in the Report that the average stay of each patient was practically 42 days. In some instances cases have been in the Heart Hospital as long as twelve months. In the general hospitals the average stay would be found to be 12 to 18 days. It would be realised therefore that this special Hospital was able to give to the public such help as they could not obtain elsewhere. He hoped that subscribers would assist them by endeavouring to influence their friends to support the Hospital. He heartily endorsed the Lord Mayor's appeal for further help.

Mr. Twemlow paid a tribute to Mr. Shepherd Eastwood, their late Honorary Treasurer, whom they had lost through a breakdown in health. That was another call for younger people, with the interests of the city and its citizens at heart, to come forward and take the place of those who had been compelled to give up.

The motion was carried.

Mr. James Henderson (Hon. Treasurer) submitted the Accounts for 1938. He said it was his duty to deal with the *cost* of the work which had been described. Its total cost was £4,446—an increase over the previous year of £162. That increase was fairly evenly spread over all the items of expenditure and was due to a continual rise in cost of provisions and the usual domestic expenses ; also to the increased cost of staff wages, which were tending to go up all the time. Income showed an increase of £104 over the previous year—due to £50 more received from legacies and £100 more in donations, whilst there had been a small drop of £20 in subscriptions. The total income, including £300 from legacies, was £3,855. There was a deficit of £591 for the year—an increase over the previous year's deficit of £57—which brought the total deficit from the beginning to £7,975—practically £8,000. The Balance Sheet showed that they had had to borrow £4,586 from the Bank on the security of the Hospital's investments, and there was outstanding £1,585 for accumulated payments due which had necessitated further borrowing since.

Having had to pledge the investments to secure the borrowing from the Bank, the Council had made a transfer in the accounts of certain items in the Endowments Account which were not strictly endowments and had credited them to the General Capital Fund. That left them with all free funds gone and no endowments except £1,000.

There was a small fund for Research in the Hospital which at the beginning of the year was £649 ; £342 was received during the year, and £679 had been paid out, leaving £312 in hand at the end of the year. That money was used to pay salaries and wages, for work now being done by the Research Institute, and ultimately the whole of that will be taken over by the Institute, which has some funds of its own, and on incorporation the research work will be left to the Research Institute.

Mr. Maurice Stern seconded and the Accounts were passed.

The re-election of the Officers and Council and of the Medical Officers was proposed by Professor Roaf, who endorsed what had been said by the Lord Mayor in praise of the activities of the Hospital. Mr. Herbert W. Bowler seconded, and the motion was carried. Mr. Bowler said he had been interested in the work from the beginning, and he wished they could get the public to realise what a valuable institution it was.

Mr. Maurice Stern announced that the Research Institute was being incorporated as a separate body and proposed that, as soon as the incorporation was completed, the following persons should be the Committee of Management :—Mr. Richard Cornelius, Chairman ; Mr. C. Ronald MacIver, Hon. Treasurer ; Professor Roaf, Dr. Harris, Miss E. C. Herdman, Messrs. A. P. Bevan, O. D. Black, Selwyn Lloyd, R. K. Milne, A. B. Ragg, H. H. Stitt, R. B. Toosey, W. G. Twemlow ; and such other persons as the Council of the Heart Hospital shall from time to time decide.

Mr. Alan Stern seconded the resolution and it was carried.

Dr. Harris said that one phase of their research work was nearing its end and that was an opportunity for stocktaking. High blood pressure and hardening of the arteries was due to a combination of causes. The eating of excess of protein food caused certain substances to accumulate in abnormal quantities in the blood, and strong emotion liberated a certain extract which pressed those substances into the walls of the blood-vessels. The latter became hardened and brittle. Ultimately the kidneys, the heart, the brain became involved.

The method of treatment of high blood pressure evolved at the Hospital (the only scientific method available) was being used to an increasing extent. Their attempt at prevention by popularising a scientific dietary had also met with some measure of success. But the most difficult task of all lay before them. The problem of good health was closely interwoven with the problems appertaining to every phase of human existence. In order to be free from disease no one of our faculties must be abused. Maltreatment of the emotions was the trouble they had to contend against. The prevalence of high blood pressure and other affections of the heart, which kill and maim the majority of middle-class people from 40 years of age onwards, was a measure of the failure of our civilisation.

A large number of people in competition with their own fellow-countrymen were compelled to draw to such an extent on their emotional resources—worry, sorrow, excitement—that they fell victims to high blood pressure and ultimately became paralysed, or died from kidney, heart or brain disease. Those men died from the effects of a combat with their own fellow-countrymen. Was not the result the same as if actual force were used against them? There were other ominous signs that the economics of the jungle were totally inadequate for present needs. The best endowed human stocks were dying out. A large section of the people was committing race suicide, which was particularly serious for a world empire. Obviously in the long run the most effective form of defence was a population which was strong in numbers and in vigour.

A PRIVATE WARD.

ELECTRO CARDIOGRAPH. PHOTOGRAPHING A PATIENT'S HEART BEATS.

Mr. Maurice Stern proposed the re-election of the Auditors (Messrs. Wilson, de Zouche & Mackenzie) and a vote of thanks to them. Mr. Harold Smith seconded, and the motion was carried.

Mr. Twemlow, in proposing a vote of thanks to the Matron and Staff, said he visited the Hospital, he had been a patient, and he could speak very warmly of the services they rendered, not only to the private patients but to those in the wards. Professor Roaf seconded and the proposition was carried.

Mr. Maurice Stern expressed the thanks of the Council to the Lord Mayor for presiding. "Year by year," he said, "we derive considerable encouragement from being allowed to come to the Town Hall and present our Report, and certainly no less this year than on former occasions, because the present Lord Mayor has shown so great an interest in our work and has been good enough to express satisfaction and pleasure at all he has seen. Although the S.O.S. we send out is by no means exaggerated, we hope as a result of the appeal which we are about to launch, and as a result of this meeting, that when we meet next year we shall be able to take a more optimistic view of our future. I have the very greatest pleasure in proposing to the Lord Mayor our sincere thanks." Mr. Harold Smith seconded, it was put to the meeting and received with acclamation.

The Lord Mayor : "Thank you very much. It has been a pleasure to preside at this meeting and hear about the interesting work you are doing."

AUDITORS' REPORT.

We have audited the Balance Sheet of the Company as at 31st December, 1938, as above set forth.

In regard to Hospital Endowment Account, various sums arising from legacies have, in the opinion of the Committee of the Hospital, been incorrectly credited in the past to this Account and in accordance with their instructions, a sum of £5,700 has been transferred to the credit of the General Capital Fund. We have not been able to verify the facts regarding the bequests, many of the original papers in reference thereto having been lost.

During the year an appeal was made in the name of the Hospital in respect of Research Work and the monies received have been kept distinct from the Hospital Funds. They are not included in the Accounts of the Hospital and such receipts, and payments thereout have not been verified by us.

Subject to the above we report that we have received all the information and explanations we have required, and we are of opinion that the above Balance Sheet has been properly drawn up so as to exhibit a true and correct view of the Company's affairs according to the best of our information and the explanations given to us and as shown by the books of the Company.

(Signed) WILSON, DE ZOUCHE & MACKENZIE,
Chartered Accountants.

LIVERPOOL, 23rd June, 1939.
